Profile

Computer Science graduate with hands-on experience in full-stack development, with a strong focus on frontend technologies. Skilled in building clean, responsive UIs using React.js and TypeScript, and developing backend services with Node.js and RESTful APIs. Eager to grow in a frontend or full-stack role within a modern, collaborative team.

Skills & Tools

- | | | | |

Professional Experience

Tourly Technologies

Nov 2023 – Sep 2024 | Islamabad

Junior Front-end developer

- Developed a responsive front-end using **React.js, JavaScript, TypeScript, and Tailwind CSS**.
- Ensured **cross-browser compatibility** and performance optimization.

Jin Technologies

Oct 2022 – Oct 2023 | Islamabad

Software Engineer

Project: SGL Cloud (Show Grounds) | <https://showgroundslive.com/> 📄

- Contributed to converting a legacy desktop app into a web-based system using React.js and NestJS.
- Assisted in implementing worker threads in NestJS for better resource handling.
- Designed dynamic frontend components and integrated them with backend APIs.

Education

National University of Computer and Emerging Sciences

2025

(FAST NUCES) Islamabad, Pakistan

Master of Science in Computer Science (MScS)

National University of Computer and Emerging Sciences

2022 | Islamabad

(FAST NUCES)

Bachelors of Science in Computer Science

- Dean's Honor List (Semester 8)
